

NTS-Bosch

For everything your car needs and more.

NTS-Bosch

Service

“Established and trusted brands reinforced by a successful history of over 28 years”

For everything your car needs and more.

About Us

NAS Tyre Services Ltd is the leading importer and distributor of new tyres and batteries in Tanzania, associated with prominent brands like Goodride, Dunlop, BKT, Bridgestone, Willard, Puma, Delkor, HiFase, and more, since 1996. It is also the largest re-tread establishment with three retread facilities operating in Dar es Salaam, Arusha, and Mwanza.

To cater to the end consumer, we established five State-of-the-Art fitment centres (@TheWheel) designed to provide one-stop solutions for products, brands and services.

The complete synergy of services intrigued our affiliation with Bosch leading to an expansion into other automotive avenues.

We bring you unparalleled facilities for everything your car needs and more including:

- A world-class multi-brand car workshop, authorized by Bosch GMBH;
- A dedicated motor claims department for accidents,
- A sophisticated diesel workshop that offers all diesel services; and
- Genuine automotive parts for all brands and makes including European, Korean, American, and Japanese cars,
- A full-fledged service, repair and retail centre for Bosch power tools.

Powered by Bosch, we use professional diagnostic equipment and have access to extensive vehicle information. Our workshops meet the requirement of authorized Bosch service centers while our well-trained team work to uniform, quality standards.

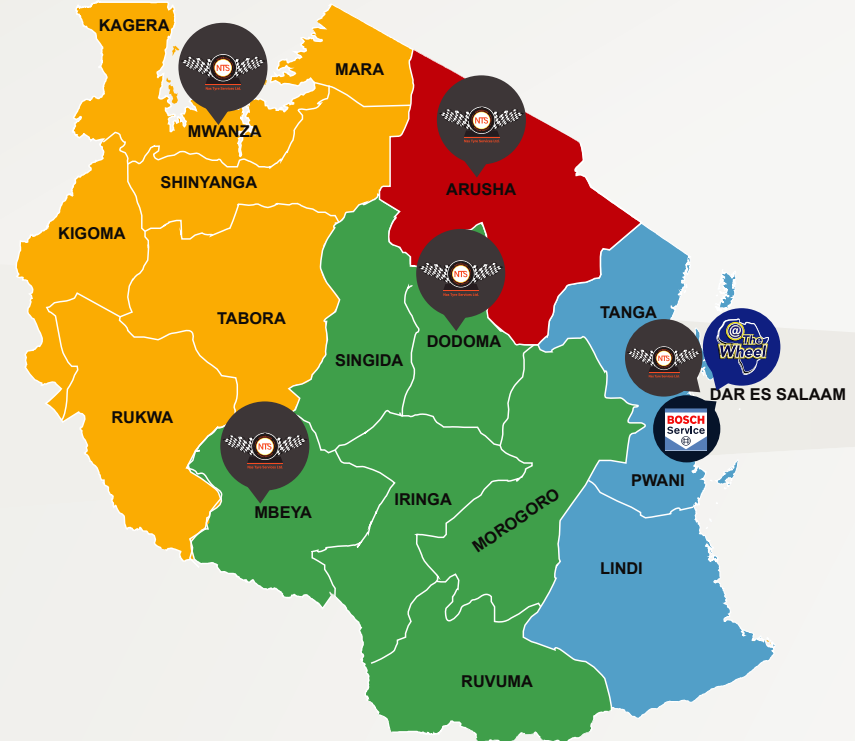

Along with Bosch auto parts and Bosch batteries, we have made available DENSO auto parts, primarily compatible with Japanese brands of vehicles such as Toyota, Nissan, Mazda, and Mitsubishi, among others.

Our objective is to reinforce trusted brands in the Tanzanian Automotive industry while building long-lasting relationships with our customers and suppliers.

NTS-Bosch

NTS-Bosch

Any brand, Any size, Any problem

A male mechanic with short dark hair, wearing a grey short-sleeved button-down shirt and white work gloves with yellow accents, is focused on working on a car engine. The car's hood is open, and the engine compartment is visible. The background is a blurred garage setting with green structural elements. The overall lighting is dim, highlighting the mechanic and the engine.

NTS-Bosch
